

MATH GAME

Multiplication Match

Number of players: 2 or 3

How to play: Find pairs of multiplication cards that match.

You will need

- Multiplication Match Cards (blackline master)

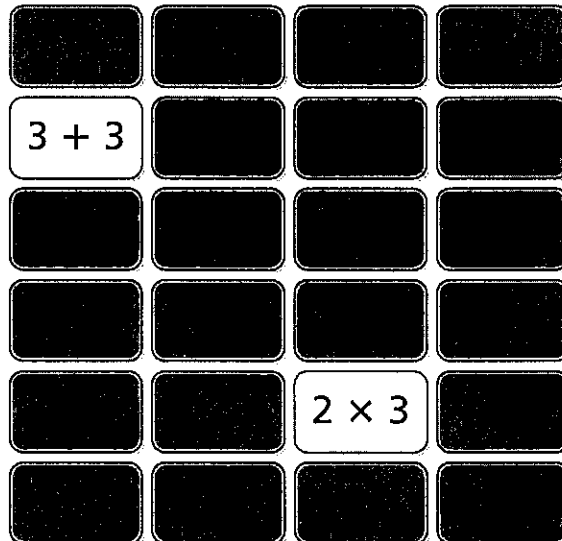

- **Step 1** Place the 24 cards face down.
- **Step 2** Turn over 2 cards. If the cards match, keep them. If they do not match, put them face down again.
- **Step 3** Take turns until all the cards have been matched.

The player with the most cards wins.

Nala's Turn

I matched $3 + 3$ with 2×3 .
